

SEVERE SERVICE SOLUTION

For long life, performance and durability in severe service applications, there simply is no equal to CentriFuse® HD brake drums. Engineered and manufactured in the USA to meet the demands of frequent braking, heavy loads and steep terrain, CentriFuse HD brake drums provide a lightweight design with optimum performance.

For the Heavy-Haul

Axle load rated up to 26,000 lb.

Performance

Permanently bonded steel shell provides proven resistance to heat cracks.

Efficiency

Helps reduce maintenance costs and total vehicle weight.

Longer Life

Proprietary alloy braking surface provides superior heat absorption for reduced brake fade and wear.

Precision Balanced

Mass centering process improves balance for a smoother ride. Balance weights eliminate the need to machine away critical material from steel shell like competitors.

Durability

Backed by a 3-year written limited warranty* for confidence and peace of mind.

*Contact your local Motor Wheel representative for complete warranty terms, conditions and limitations.
